**It might be a penny,

\$11.88 per year
when you Round Up

in support of local education.**

**RoundUp donations fund programs like
A+ College Ready,**

a national initiative to increase student achievement in Math, Science and English. This program has helped increase the number of high school students earning college credits with qualifying Advanced Placement (AP) test scores. This means a tuition cost savings during their college careers. A+ College Ready is in all local public high schools (13) and empowers teachers through a results driven AP training program.

In 2018, TSF gave \$5,000 per high school to support National Math & Science Initiative teacher training, Saturday Prep Sessions and Mock Exams for students helping increase the number of qualifying scores.
