

At Huntsville Utilities we believe educating tomorrow's leaders is an important part of being a community-owned utility.

Huntsville Utilities was established in 1940 as a **community-owned** utility company.

We complement our **reliable, lower than average costs** utility services with **educational programs** for the youth and adults, as well as **community service programs** such as Project Share and Sign Up to Round Up for local schools.

Huntsville Utilities Educational Services (HUES) offers programs for kindergarten through college, covering subjects such as Electrical Generation, Water Distribution/Filtration, Utility Budgeting and Natural Gas Safety. Visit the Learning Center at www.hsvutil.org to learn more.

We are PROUD to serve Madison County and surrounding areas.
