Residential..... Commercial..... & Philanthropic Community Programs

Huntsville Utilities partners with the Tennessee Valley Authority (TVA), the Salvation Army, and other agencies to offer **FREE assistance to our customers.**

One of Huntsville Utilities' most popular community assistance programs is Project Share. Your tax-deductible donations help qualified elderly and disabled customers stay warm in the winter.

Thirty percent of the donations also fund energy upgrades for long-term savings. Visit www.ProjectShareHsv.org

for more info, and sign up to donate and help your neighbors.

Residents who qualify (through HUD criteria for very low-income residents of Madison County) for the TVA Home Uplift program receive energy improvements for long-term energy savings.

The Commercial and Industrial Department works in partnership with the TVA to provide the Comprehensive Services Program (CSP) at no charge to businesses in our service area. A detailed report is provided about ways to reduce energy consumption and operate more efficiently. There are currently eight services available in the CSP: Energy Management Surveys, Infrared Scanning, Power Quality Analysis, Special Metering, Compressed Air Leak Survey, HVAC Recommendations, Lighting Design Recommendations, and Wiring Recommendations.

Pictured on the front are members of the HU Volunteer Council. This team works year-round to identify community needs, so employees can always find somewhere to volunteer or donate.
