## Water Rate Increase Reminder

On September 14, the Huntsville City Council members unanimously approved an adjustment to the water rates for Huntsville Utilities customers. The new rates take effect with the November billing cycle.

These new rates only impact the water portion of customers' bills, and only those customers who get their water from Huntsville Utilities. (HU acts as the billing agent for New Hope, but these rates do not impact those customers).

If you have questions about your bill, please call 256-535-1200. Examples of the rate increase include:
