

Did you know.....

There is the same amount of water on Earth as there was when the Earth was formed.

The water from your faucet could contain molecules that dinosaurs drank.

Water Facts of Life: Ride the Water Cycle With These Fun Facts,

HU Makes Sure the Water You Receive is Safe and Tasty!!

Huntsville Utilities has been recognized for its outstanding Water Department many times over the years. HU has received awards for the Best Tasting Drinking Water, how the water is processed and distributed, and even how each water plant operates on a daily basis.

Earlier this year, Huntsville's water system turned 200 years old, the oldest system west of the Appalachians. HU is proud to be the "keeper" of the system, celebrating its history as well as keeping it modern, and providing award-winning, great tasting water.

Water customers should watch your mailbox during May and June for your copy of the 2023 Water Quality report. Mandated by the EPA, this report goes into the technical side of what's in your water, and how we treat it. You can also see the report at www.hsvutil.org/waterqualityreport.

HOURS CHANGING

Beginning June 5, downtown lobby (112 Spragins Street) hours and Pulaski Pike Drive -Thru (1100 Pulaski Pike) hours will change to 8am - 5pm.

SIGN UP TO ROUND UP

Your pocket change has never been so powerful!

Round your utility bill up to the next dollar, and that amount will go directly to **The Schools Foundation** to support public education in **Huntsville City, Madison County, and Madison City schools.**

The maximum contribution per year is **only \$12!**
