to save energy!**

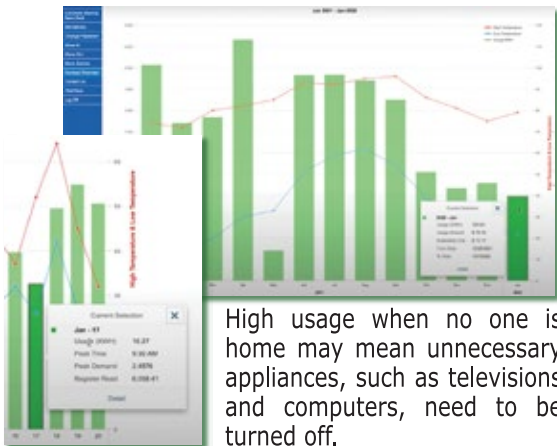

How?

**Track your
Consumption History
to learn when you are
using electricity.**

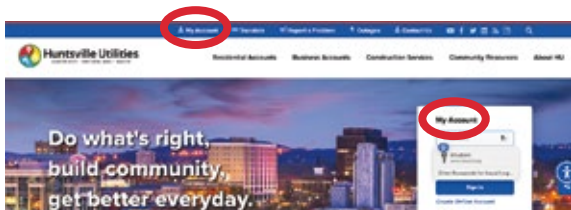

By clicking on the bars in the graphs, you can learn how much and when you are using the most electricity.

A significant spike in power every day at 6pm may signal everyone getting home, but it could also mean doors are being left open, or a more efficient way of preparing dinner may be needed.

**You can look at monthly, daily, hourly
...even 15-minute usage intervals!!**

**You need an Online Account
to access this information.**
