

# Did you know for just **pocket change** each month, **YOU** can **help IMPROVE** the quality of education **in this area?**

By rounding up your utility bill payment each month, you help invest in the future of children in the Huntsville City, Madison County and Madison City school systems. The Round Up program was started by The Schools Foundation to support local public school systems.

The Schools Foundation, in partnership with Huntsville Utilities, has provided a simple and painless way for everyone in the area to make pocket change into a powerful mechanism to support public education in this area.

By filling out the form below, or by completing the online enrollment form at

[www.hsvutil.org/myhsvutil/checkbill/roundup/signup.html](http://www.hsvutil.org/myhsvutil/checkbill/roundup/signup.html)

you can authorize Huntsville Utilities to round up your monthly utility bill to the next highest dollar.

It might be a penny, it might be 25¢, it might be 99¢, at the most \$12 per year. Whatever it is, it's a simpler check to write, a nice round amount, and that extra pocket change goes to help our schools.

The Schools Foundation is a 501c-3 non-profit with one important goal: to support Huntsville City, Madison County and Madison City Schools.

## Your Pocket Change Makes a Big Difference

In partnership with The Schools Foundation, Huntsville Utilities makes it simple for you to support our local teachers and students. **Sign Up to Round Up** lets you round up your monthly utility bill and the money goes to support public education in Huntsville City, Madison County and Madison City Schools.

**Help provide valuable tools for learning today** and support the success of our local students tomorrow. The maximum contribution per year is only \$12. If we all contribute, our small change will really add up.
