HU'S WATER Wins "BEST TASTING" Honors

Huntsville Utilities strives to always **"Do What's Best For The Customer."**

Our award-winning water is a testament to the efforts employees put into taking care of the customer. Not only has HU's water system been recognized repeatedly by multiple regulatory agencies, but recently a panel of water system professionals chose Huntsville Utilities' water as the **"Best Tasting"**.

During the 69th Annual Conference of the Alabama/Mississippi Section of the American Water Works Association, Huntsville Utilities was awarded the title of **"Best Tasting Drinking Water"**. HU competed against 12 other public water utility systems from across the two-state section.

Water samples were scored on a scale of 1 to 10 on the four categories of taste, odor, color, and clarity. HU's water will be judged against 43 other regional winners at the AWWA national conference in June. Of course, we already know that our water taste the best because we are **"Doing What's Best for The Customer!"**
